a. 2023-2024 School Calendar

Courtney Brazil displayed the two calendar versions being considered for next school year. Version one is the traditional school calendar, and version two provides an early release every Monday for the purpose of more consistent collaboration and professional development time for teachers. Site Council member input included that early release Mondays would be an awesome opportunity. Site Council asked questions to verify that there would be increased capacity for DEN after-school care, to accommodate the concern for families not being able to pick students up sooner or meet them at the bus.

b. District Strategic Plan

Site Council was provided direct links to the educational partner input surveys and encouraged to submit their feedback to be included in the coming update of Marcum's Strategic Plan.
