4. New Business

a. *21-22 CAASPP & ELPAC Score Overview*

Site council reviewed comparison test results for the State of California, Sutter County, and Marcum for ELA, Math, Science, and English Language Proficiency. Marcum's overall achievement levels were stronger than that of the state and county, but strategic focus areas for continued growth include science, interventions for students not meeting standard for ELA/math, and ongoing language development supports.

b. *CalHOPE Social Emotional Learning Grant*

Marcum has been selected to be 1 in 4 grant recipients in Sutter County to focus on supporting social emotional learning. Site council provided input on potential parent-nights to be offered. Comments included the preference for and accessibility of Zoom, and its ability to be recorded and accessed at alternative times, as well as that a topic of interest for families with younger students would be helping their child manage emotions.

c. *Family Engagement Opportunities*

Site council continued discussion from the previous meeting about the desire to rekindle staff/family connections that were affected by Covid restrictions. Potential face to face connection opportunity ideas include varied, casual coffee with admin dates, newly returned sporting events, rotating staff representation at Parents Club events (before starting?). Site council suggested surveying to see

what connection opportunities families may be interested in, and offering house points as an incentive for attendance at opportunities like coffee with admin.

5. Public Comments

- The safety procedure reassurance discussed at the previous site council meeting was included in November edition of Marcum Matters.
- The positive CAASPP test results should be celebrated – do we have the ability to share out? Or alternative ways to celebrate?

6. Next Meeting:

Tuesday, January 10th at 3:30 pm (virtually)

7. Adjournment
